How would you like to spend one day in New York City shopping, seeing holiday decorations or going to a show? This is your chance to take a charter bus to NYC for a one-day holiday adventure on your own. You can go to NYC to shop for holiday gifts, see a show, or even go ice skating in Central Park! We'll provide plenty of time to explore the city and have a great time to do as you choose.

The charter will drop you off in a central location in NYC and allow you to get off and explore with ease. We will provide you with a small map and short list of ideas of things you might want to do or see while you enjoy your day. Make sure you eat before boarding the bus as we will not be stopping for dinner on the way home.

(Please note: If you choose to see a Broadway show, the Nutcracker, or Rockettes, etc., you must book the show so that it does not interfere with our departure. You are responsible for booking any tickets for shows.)
